

We offer flexible support to meet your family's needs, including telephone advice, office consultations, home visits and attendance at meetings with school or with other Special Educational Needs and Disability professionals.

“KIDS has opened our eyes to the whole system, how it works and what help there is for us. We now know we don't have to struggle alone”

Who we are

An established national charity, KIDS leads the way in providing disabled children and their families with support to thrive, not just survive. We ensure disabled children from birth to 25 have the opportunity to learn, play, build friendships, gain confidence and improve their wellbeing and we provide vital time, emotional and practical support to parents and siblings.
