### **Understanding Sensory Processing Training Video Link and Information**

If you are a parent of a child or working with a child whose needs are related to possible sensory processing, please refer to the Understanding Sensory Processing training video and resources on the Stockport SEND Local Offer page. The training video will provide you with the basic theory behind how our sensory systems process information, and importantly offer you a range of practical strategies to help you accommodate your child's current needs.

It is advised that both parents/carers and the professionals working closest to the child watch the Understanding Sensory Processing training video and work together using the resource packs and action plans to document which strategies they can use to help support their child.

#### **What to do next:**

##### **Option 1**

The training video can be found on the Stockport SEND Local Offer web page. To find it please follow the below instructions:

1. Type 'Stockport SEND Local Offer' into your web browser and click on the page at the top of the list,  
OR  
use the link <https://stockport.fsd.org.uk> and click the pink 'local offer' icon.
2. Click the purple 'Get Involved' icon.
3. Click the 'Online Training' icon.
4. Click the 'Understanding Sensory Processing' icon.
5. Press the play icon on the video. We encourage you to access and download the resources from the 'Downloads' icon.

##### **Option 2**

Alternatively use the link below to go directly to the training video:
